REQUEST FOR REFUND

Sir:

Applicants request a refund in the above-identified application due to an error on the part of the Patent Office.

On October 23, 2007, Applicants filed a Request for Continued Examination (RCE) under 37 CFR §1.114 and included therewith a Request for Suspension of Action under 37 CFR §1.103(c). A Request for Suspension of Action under 37 CFR 1.103(c) filed with an RCE requires the processing fee set forth in §1.17(l), as shown in the attached copy of page R-82 of the Manual of Patent Examining Procedure. The processing fee for a filing under §1.17(l) is \$130.00 according the Revised Fee Schedule effective September 30, 2007.

U.S. Application No. 09/988,156
Request for Refund dated November 2, 2007

Docket No. TSM-17

A payment of \$130 accompanied Applicants' Request for Suspension of Action as payment for the processing fee set forth in §1.17(i). However, Applicants' representatives' Monthly Statement of Account for October, 2007 (copy enclosed) indicates an additional charge of \$70.00 in this application for filing a "petition" under §1.17(g) on October 24, 2007. A petition under §1.17(g) requires a \$200 fee, but Applicants respectfully note that a Request for Suspension of Action under 37 CFR §1.103(c) is not a "petition" and rule 103(c) clearly states that only the processing fee of \$130 set forth in §1.17(i) is required.

In view of the foregoing, Applicants submit that the additional charge of \$70.00 to Applicants' representatives' deposit account was improper, and Applicants respectfully request that the Office please credit a refund in the amount of \$70.00 to the Deposit Account No. 50-1417.

Respectfully submitted,

Colin D. Barnitz

(1) A showing of good and sufficient cause for suspension of action; and

A request for deferral of examination under this paragraph must include the publication fee set forth in § 1.18(d) and the processing fee set forth in § 1.17(i). A request for deferral of examination under this paragraph will not be granted unless:

(1) The application is an original utility or plant application filed under § 1.53(b) or resulting from entry of an international application into the national stage after compliance with § 1.495;

(2) The applicant has not filed a nonpublication request under § 1.213(a), or has filed a request under § 1.213(b) to rescind a previously filed nonpublication request;

(3) The application is in condition for publication as provided in § 1.211(c); and

(4) The Office has not issued either an Office action under 35 U.S.C. 132 or a notice of allowance under 35 U.S.C. 151.

(e) *Notice of suspension on initiative of the Office.* The Office will notify applicant if the Office suspends action by the Office on an application on its own initiative.

(f) *Suspension of action for public safety or defense.* The Office may suspend action by the Office by order of the Director if the following conditions are met:

(1) The application is owned by the United States;

(2) Publication of the invention may be detrimental to the public safety or defense; and

(3) The appropriate department or agency requests such suspension.

(g) *Statutory invention registration.* The Office will suspend action by the Office for the entire pendency of an application if the Office has accepted a request to publish a statutory invention registration in the application, except for purposes relating to patent interference proceedings under part 41, subpart D, of this title.
